

# Technical Information - Rotational Sandwich Bodies - Cetop3

CETOP 3

## Orientation of Cetop3 Rotational Sandwich Bodies

The functions of the sandwich bodies appear on the product data pages, these functions are shown with numbers (1,2,3,4) in the upper **right** and **lower left corners** of the Circuit Option. These correspond with the numbers engraved on the sandwich body faces and indicate the specific circuit function.

Some **Rotational** bodies enable mounting in four different orientations, as shown in **figure 3**. The example shows manifold HS3102S3M. As demonstrated by the circuit options, this single body can be used to achieve four different functions.

**Meter-out 'A', Meter-In 'B', Meter-out 'B' & Meter-in 'A'.**
